Phil:

When Congress returns from recess, the week of 19 July, we will have a briefing of the Nedzi Intelligence Subcommittee (House Armed Services Committee). One of the topics to be covered involves the question Representative Fraser addresses in the attached correspondence. It is recommended that you start pulling together our brief on this, including the identification of any problem areas so that we can have a pre-briefing with the Director. Unless you feel otherwise, I recommend that either Wells or Shackley accompany the Director on this session. As of this date the other topic to be covered by the Subcommittee will be a substantive intelligence update and responsibility for this is in the DDI's hands.

Please protect the attached correspondence which has been loaned to us so that we can gain insight into the issue involved.
